

MATHEMATICS DEPARTMENT

TEACHERS:

JOANNA SHERMAN
DEBRA LOWRY
RHONDA LOCKHART
KENDRALL MOORE

CERT Testing

The purpose of CERT testing is to better prepare our students for ACT test question and answer set possibilities/questions .

To prepare our students, Kaplan test taking skills/test prep will be utilized as well as other ACT prep resources.

CERT Goals

**Every student improves by two points in the Mathematics section of the CERT test.*

** Each class showing improvement in class average score receives a reward from the teacher.*

**The class with the overall greatest improvement will be given a party.*

Incentives and Rewards

Learning Earning Rewards:
Students can earn LE reward credits to redeem for privileges and prizes.

*Students improving their personal score in CERT scores will be rewarded LE credits by the teacher.

*Classes with the highest assignment averages may receive LE credits

*Students exhibiting excellent work ethic or generosity of spirit may receive LE credits.
